

Dear Vicki and Jim

I have been thinking of you all the time and today Vicki, you will be arriving in Puerto Rico and I will be anxious to hear about the trip.

After I talked to you Sunday night I called Gail but she had moved out and the operator gave me the new number which was Gregg's. I talked to Jeanne later as there was no answer at that number and Jeanne gave me Gail's number which is S.H. 6-6097.

Their house has been sold and Gail is living in the Espanol Apts. over by Sammeth High school.

The floor man came yesterday and hopes to finish up today. The kitchen is going to look very nice. When I get home from bridge today I am going to have to start in cleaning as the job of removing the old floor makes alot of dust.

It is a beautiful
morning out with the
sun shining and the
grass turning green.

The session probably
will end about the
middle of April. Mary will
be anxious to get into
her new apartment.
More later.

Love,
Mom
